RESEARCH CENTRE FOR ESG

June 2025

A sample database using ESG intelligence to illustrate our alternative data approach under the RGC IDS Project “Establishing a Research Infrastructure for ESG Intelligence: A Multi-Stakeholder Perspective (RGC Ref. No.: UGC/IDS(R)14/21)”

Project PI: Louis Cheng
Dr S H Ho Professor of Banking & Finance
Associate Dean (Research)
Director of Research Centre for ESG
The Hang Seng University of Hong Kong

List of Top 500 Hong Kong Listed Firms based on i-Composite Ranking

User Guide: The list is constructed based on a research methodology developed under the IDS Grant and documented in the “IDS Final Outcome and Methodology Report”. The i-Composite measure reflects an ESG performance indicator based on inputs from various commercial ratings and sustainability sentiment scores. Owing to licensing restrictions of the databases, we are not able to show the actual raw data. As the i-Composite ratings are time-sensitive, the list serves as a demonstration of how ESG performance can be measured in a scientific manner in the past but should not be used as a tool to predict future valuation.

Acknowledgement

We acknowledge the financial support from UGC under the Institutional Development Scheme (IDS) project “Establishing a Research Infrastructure for ESG Intelligence: A Multi-Stakeholder Perspective” (RGC Ref. No.: UGC/IDS(R)14/21) for conducting the research.
